Genius SP-U125 Portable Speakers

Instructions for Connecting the Speakers

1. Connect USB plug (1) to PC or notebook for power supply only.
2. Connect (2) to any audio playback device with standard 3.5mm audio plug, such as PC, notebook, MP3/MP4 player, mobile phone, or CD player.
3. Adjust volume by using the knob (3).

Warning! Do not connect the power plug into an AC outlet until all connections are made.
